

Product Info Sheet

We Facilitate Protecting Lives ♥ Mother Earth

Katch Kan®

Katch Mat™ - Stab Mat

Problem

- Threading on pipe strips from banging on metal deck
- Fluids dripping on deck
- Shifting pipes create dangerous work environment
- Damaged threads on double thread pipe

Solution

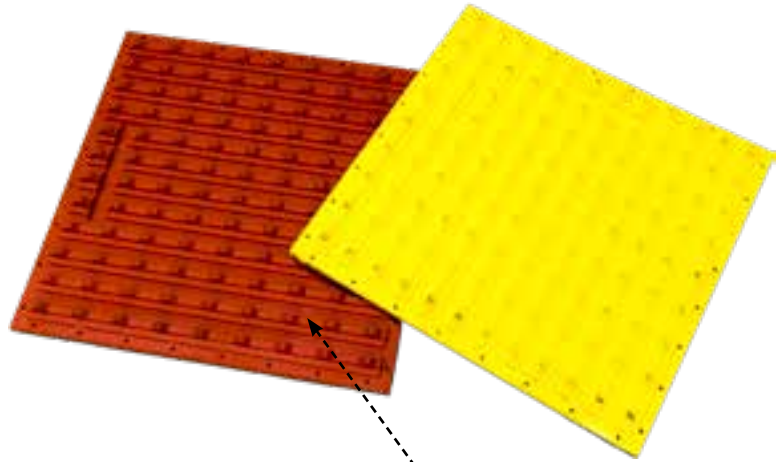

- Channels allow for fluid to drain and be redirected
- Designed to protect the double sealed pipe
- Stability nubs keep bottom of pipe from slipping out

Value

- Cuts fluid costs
- Positive environmental impact
- By protecting threading it extends the pipes working life time
- Offers a stable and durable area to rack pipe and drain excess fluid

Specifications

- (4sqft) - 5Lbs / 1sqft
- Panel size 24" x 24"
- Full height 1 1/2"
- Base height 1/2"
- Custom made to fit any set back area
- Temperature and invert resistant material

Stab Mat installed on the set back area
